AND IN ANOTHER SENSE HE IS CORRECT: I AM GENERAL MANAGER AND PART OWNER OF THE ORTTE BUSINESSES AND DO ASSIST IN THE OPERATION OF THESE BUSINESSES. HIS DAUGHTER, MY THREE CHILDREN AND I ARE ALL PART OWNERS IN THESE BUSINESSES AND WHENEVER NECESSARY I DO LEND MY SERVICES IN THE FAMILY'S BEHALF.

MR. ORTTE AT THE AGE OF 70 SOME ODDYEARS HAS PRACTICALLY RETIRED AND IS ONLY ACTIVE IN HIS THEATRES. HIS LOCAL MAIN INTEREST IS THE HANCOCK COUNTY SCHOOL SYSTEM, HE BEING PRESIDENT OF THE SCHOOL BOARD. THOUGH THIS IS AN ELECTED OFFICE, HE AND THE OTHER FOUR BOARD MEMBERS RECEIVE NO REMUNERATION FOR THIS WORK. HE IS VITALLY INTERESTED IN THE FUTURE OF THE CHILDREN AND DEVOTES MUCH OF HIS TIME IN THIS DIRECTION.

ALL THROUGH MY CAMPAIGN I ADVOCATED NO "MUD SLINGING" AND I DEFINITELY WILL NOT BE DRAWN INTO ANY SUCH ISSUES AT THIS TIME. IN THE AUGUST 1964 ISSUE OF THE SEA COAST ECHO, THE SAME ONE WHERE MY OPPONENT ATTACKED ME, I PROUDLY COMPLIMENTED ALL OF MY OPPONENTS FOR THE FINE GENTLEMANLY CAMPAIGNS THEY MADE, AND I HARDLY BELIEVE MY OPPONENT REALLY MEANT TO BREAK THIS PRECEDENT.

MY OPPONENT'S IN-LAWS (THE BOUREGOIS FAMILY, WHOM I HOLD IN HIGHEST ESTEEM), MY IN-LAWS, AND MY FAMILY HAVE BEEN EXTREMELY CLOSE FRIENDS AND I WILL NOT LET A POLITICAL CAMPAIGN INTERFERE WITH THIS LIFELONG CLOSE FRIENDSHIP.

EVEN THOUGH I HAVE THE OPTION IN THIS THE LAST ISSUE OF THE PAPER TO RETALIATE AGAINST MY OPPONENT'S REMARKS OF THE AUGUST 17 ISSUE, WHEREBY HE COULD NOT THROUGH THIS PAPER COME BACK AT ME, I HUMBLBY PASS THIS OPPORTUNITY AND TRUST THAT AFTER THE ELECTION, WHATEVER THE OUTCOME, WE CAN ALL COOPERATE AND WORK TOGETHER FOR THE BETTERMENT OF HANCOCK COUNTY. Vigueries host Wash. unit feast

The Washington Artillery Veterans' Association staged its annual color presentation and field mass Sunday at the home of Mr. and Mrs. Joseph E. Viguerie, Jr., in the Waveland Center.

The artillery unit which was formed in 1838, fought in the Civil War, was active in the Mexican border incident in 1916, battled in both World Wars and is stationed in Jackson Barracks, New Orleans. Commander of the veterans is Col. Numa J. Avedano, Chaplain is Rev. Clemens Schneider of Thibodaux, La.

J. E. Viguerie is a captain in the unit and he made the arrangements which saw more than 200 guests present for the occasion.

By coincidence Sunday was also the 16th birthday of Jane Viguerie, granddaughter of the captain, and to celebrate that event the girl served up a 200 slice sized birthday cake made by Waveland Bakery.

The huge gathering supplied its own lunches and consumed 38 gallons of beer to wash them down. A clean-up party made sure the premises were left in spotless condition.

Monday night, while the Viguerie family was out for an hour, a bunch of hoodlums invaded the place, festooned the lawn in paper tissue and demolished all the lawn furniture.

The lawn and fixtures that had served 200 persons connected to an 129 year old organization so well for several hours on Sunday lay in ruins the following day.

Hire Carolina firm for pop-eco study

(Held from last week)

Wilbur Smith and Associates of Columbia, S. C., will be hired at \$20,000 to undertake a population and economic study of the Gulf Coast according to Jack Diferent, director, Gulf Coast Regional Planning Commission.

P. Dan Martin, director of planning for the Smith concern, will handle the project locally.

The same company to being engaged by the State Highway Department to undertake a transportation study of the area. Diferent noted the dual role would permit a great degree of coordination.

Two thirds of the financing

will come for an anticipated \$49,000 grant from the Department of Housing and Urban Development and one third from local sources. The local share will come out of the approximately \$25,000 received annually by the commission as membership dues. Work will start about one week after the HUD grant is confirmed.

Following the recommendation of the recently completed study design, Diferent said planning commission personnel have started computing a land use study. It had been intended to embark upon a public utility study first but this has not been deferred until later.

Confirmation of the commission's new name, Gulf Coast Regional Planning Commission, was given Tuesday when the group met in Long Beach. Formerly the Mississippi-Louisiana Regional Planning Commission, the name was changed when St. Tammany Parish decided to withdraw and form its own body.

Directors also amended the by-laws to circumvent operational procedure and increased penalties for jurisdictional (counties) that did not pay dues.

The commission voted to work with the Coast Council of Chambers of Commerce to arrange a public hearing on the proposed formation of the Gulf Islands National Seashore. To this end the National Park Service is to have long range development plans ready by the end of this month.

Involved in the national part type category are portions of Chambers of Commerce, La., Cal., Tex., Miss. and Penn.

Hamilton Coleman, III, entertained with a program of magic tricks, and Carlo and Marie Marshall played accordion selections.

SHOULD FACTS BE WITHHELD?

It has been claimed by some of the supporters of the opponent of Walter J. Phillips, that the facts presented in last week's paper amounted to mud-slinging. We believe this **NOT TO BE TRUE**. We believe that the voters should be informed of all matters of record pertaining to the business experience and qualifications of all candidates.

Fact #1

That Walter J. Phillips' opponent had been a wholesale liquor dealer--This fact is substantiated by the records in Cause #3623, Circuit Court of Hancock County, and Cause #8445, Chancery Court of Hancock County, Mississippi.

Fact #2

That Walter J. Phillips' opponent is a sales representative for the Sazerac Company (a New Orleans liquor company) and Haven Hill Distilleries, Inc.--This fact is substantiated by the records of the State Alcoholic Board of Control.

Fact #3

That Walter J. Phillips' opponent has a judgment against him for "black market" taxes on liquor--This fact is substantiated by Judgement Roll Book 5, page 207, Hancock County, Mississippi, and by the record in the office of the State Tax Commission.

We, as citizens interested in good government believe that the facts should be known and consequently we composed and contributed toward the payment for the ad listing the qualifications of the Candidates for State Representative, Post #2.

Space fund cut stories conflict

Conflicting reports are coming out of Washington concerning the areas of cut-back operations in the face of a \$516.6 million slash in federal funds to the National Aeronautics and Space Administration.

The House passed a bill to appropriate \$4.58 billion in new funds for the agency Tuesday on a 312 to 92 roll call vote.

The amount, lowest for the space agency since 1963, is \$516.6 million below the \$5.1 billion sought for NASA by President L. B. Johnson. The appropriation was \$384.6 million less than last year.

Although begrudgingly approving the cut President Johnson said that ordinarily he would oppose such a reduction but that in the face of present circumstances he would accept it. "The times demand responsibility from us all," he said.

Mississippi Test Facility yesterday said it had no comment on the effect of the cut-backs and neither had its parent organization, the George C. Marshall Space Flight Center, Huntsville, Ala.

In one report, issued Tuesday, the Associated Press said the House had been assured by the Appropriations Committee that none of the cuts would retard major space programs already underway although some less urgent but desirable projects would be slowed down or deferred.

Another report, also originating in Washington Tuesday, said that two Louisiana representatives, F. E. Hebert and Hale Boggs, said, "We believe this cut in NASA funds is too steep and we regret it. We are particularly sorry that the reduction in our space effort in the current fiscal year includes large cuts in Apollo and Apollo applications programs and in the advanced mission program beyond Apollo."

The Saturn V rocket component stages S-1C and S-11 are tested at MTF and any cut-back in the program might affect its operations. The Apollo

space craft is designed to be carried in the Saturn V rocket. The measure now is in the Senate.

Waveland Baptist gets new pastor

Rev. Joe Hasson of Lamar County has been appointed pastor of Waveland Baptist Church. He preached his first sermon Sunday and will move with his family into the parsonage this week.

A graduate of Oak Grove High School and William Carey College, South in Hattiesburg, Hasson is presently working towards a master's degree from the New Orleans Baptist Theological Seminary.

His previous church appointments include those of youth director, Greenville Baptist Church, Lumberton assistant and interim pastor, First Baptist Church, Hattiesburg, Miss.

Miss Norgress gives program

The afternoon Circle of the Woman's Society of Christian Service met Tuesday at the home of Mrs. C. C. McDonald with Mrs. A. C. Exner and Mrs. J. A. Evans as co-hostesses.

Miss Norgress presented the program.

Mrs. Alexander gives WMS topic

Mrs. A. E. Alexander presented the Bible study on Missions and the Power of the Resurrection when the Alice Lavonta Circle of First Baptist Church Woman's Missionary Society met last Tuesday at the home of Mrs. Lucien Favre on Jordan River.

Mrs. L. H. Pahman, chairman, conducted the business session and Mrs. E. C. Clark gave the devotional and offered the closing prayer.

Worthington takes Long Beach post

Rev. Ray Worthington, curate, Christ Episcopal Church, has accepted a call from Bishop John M. Allin in Jackson, to become priest-in-charge of St. Patrick's Mission, Long Beach, effective Sept. 1. He will continue to teach religion at the church's day school here. His last service in Bay St. Louis

will be on Sunday. Since arriving in July, 1963, Mr. Worthington has been actively engaged in visitations of the home and hospital and was in charge of the Sunday School and youth organization. In his new church, with a congregation of only 100, his work will initially consist of

'getting to know' the people and organizing the youth.

St. Patrick's mission was formed in 1939. A mission rectory on the diocese for part of its income whereas a church is entirely self-supporting.

The vicar, his title in the new position, came here from the Episcopal Seminary in Cambridge, Mass., where he received a Bachelor of Sacred Theology degree after obtaining his BA from Mississippi State University in 1963.

He and Mrs. Worthington have one child, a daughter, born July 19 of this year. They will reside at 280 Island View Ave., Long Beach.

10 Main Street WSCS members attend clinic

Mississippi Conference, Annual School of Christian Missions, Woman's Society of Christian Service, took place earlier this month at Seashore Methodist Assembly, Biloxi, with more than 200 men and women registered. A highlight of the week-long course of instruction was the daily message given by Dr. Mark Stokes, associate dean of Candler School of Theology, Emory University, Atlanta, Ga. Rev. Lamar Martin, pastor, Main Street Methodist Church, was in the planning committee for the school.

Members of the Main Street Woman's Society attend-

ed daily sessions, which provided a great part of course material for the WSCS programs, as well as for two church-wide studies during the coming year. Attending from here were Mrs. David McDonald, Frank Whoot, Harris Boudreau, C. C. McDonald, Lloyd Lewis, Folin Sooger, Sam Autroy, Harold Bragg, Carl Smith and Loryn Nybo. The local WSCS program committee met Sunday afternoon and Monday to evaluate the materials made available and to outline programs and studies.

SHOULDN'T MISSISSIPPI?

1. Shouldn't Mississippi provide a home for the aged?
2. Shouldn't Mississippi give the Public Service Commission the authority to make railroad crossings safe?
3. Shouldn't Mississippi modernize some of its antiquated laws?
4. Shouldn't Mississippi balance industry with agriculture (but not forget agriculture)?
5. Shouldn't Mississippi reimburse its merchants for collecting sales tax?
6. Shouldn't Mississippi pay its jurors as much as the Federal courts pay?
7. Shouldn't Mississippi require the oil companies to pay the surface owner of land for the privilege of locating an oil or gas well on his land, in addition to the mineral owner?
8. Shouldn't Mississippi improve its educational system?
9. Shouldn't women be given the privilege of serving on juries on a voluntary basis?
10. Shouldn't Mississippi allow a tax exemption on the family car?
11. Shouldn't Mississippi see that the taxpayers receive value for their tax dollar?
12. Shouldn't Mississippi be first?

HAVE WE COME OF AGE?

I think so. In last week's Echo, I printed an article soliciting support for J.C. "Peck" Mauffray for Supervisor from Beat 4. The response I received was wonderful. If these people are representative of the voters of Hancock County, then we HAVE come of age and our officials will be elected by people who think and vote according to their conscience. Your vote to your most precious possession. Use it wisely according to YOUR will and not according to the dictates of "political bosses".

WE
NEED

STATESMEN

It is not easy to be a STATESMAN. The STATESMAN must see the big picture, must have the courage of immediate and possibly minor concern. This area's future, the future of the entire state, has been the MAJOR concern of Representative Walter J. Phillips, R-Mississippi, since he was elected to the U.S. House of Representatives in 1964. He has been a STATESMAN.

The importance, candor and courage that Representative Phillips possesses are NOT BE LOST. To not vote for Representative Phillips is to vote for change and change alone, a change to not indicate that we are not in the best interest of Pearl River and Hancock Counties.

THE LEOPARD TRIES TO CHANGE HIS SPOTS!

Strange sounds are coming from William Winter these days. Words like "States' Rights," "George Wallace," and "Federal Bureaucrats"—sounds you never once heard him utter until he read the results of the First Primary race for Governor and discovered that almost 70 per cent of the people of Mississippi voted Conservative!

But a leopard can't change his spots! The truth is, William Winter is falsely posing as a "fighter." Never once, before he entered the Governor's race, has he ever opened his mouth... uttered a single word... taken one stand... or stood up at all when the people of Mississippi were under attack by the Liberal Eastern crowd who run Lyndon B. Johnson's "Great Society."

The Conservative people of Mississippi will not be fooled.

They know that John Bell Williams has been in the front of every fight for our rights for the past 21 years. They know that John Bell Williams has never ducked a stand on any important issue facing the people of Mississippi.

Conservative men and women know that John Bell Williams did not wait until the people had spoken in the First Primary before taking his position. John Bell Williams stands today where he stood yesterday—and where he will stand in the future: on the solid bed-rock foundation of Conservative principles.

Don't know where the summer went, but don't even need a glance at the calendar to know that it's all but over. The sun still shines warmly and beaches are swarming with vacationers taking advantage of last leisure moments, but the days are noticeably shorter, most autumn blooming golden and orange flowers are blossoming and summer cottages show signs of owners' planned departure. Back to school signs are displayed in local shop windows and mammas may be seen urging offspring to squeeze feet, widened by barefoot months, into confinement of shoes once again.

Pace relaxes, except politics

Social life has all but slowed to a standstill with the exception of intermittent political rallies, teas, supporter gatherings, etc.

Winnie and Jack Holm did toss a large party a couple of Saturdays ago. Among their 40-odd guests enjoying ham, turkey, the usual trimmings and gallons of liquid goodies, were Vonne and Jack Humphreys, Pat and Joe Vignerie, Peggy and Floyd Hepting, Rosemary and Leroy McFarland, Lee and Chuck Le Croix, etc. etc.

Mildred Rutledge is driving around in just about the biggest, latest, shiniest new automobile in town. It was a gift from husband Jack, but she allows him to drive it on rare occasions. The Rutledges are now in the middle of moving into the old home on Bayview Court.

Catherine and Vincent Palist of New Orleans spent last weekend with her mother, Mrs. Edward Herbert, at her Sycamore Street home.

Jeanette and Ronnie Bourgeois and sons thoroughly enjoyed their vacation. They went to the Smokey Mountains in a camper-trailer and stopped and enjoyed the scenery whenever they felt the urge.

Among the ailing

Rae Mrs. C. R. Rasmussen is now able to bow once in while. She's been pretty much confined to her lakeshore home since suffering a heart attack in March.

Bonita (Mrs. Fred) Cabell has also been quite ill. She is hospitalized with hepatitis. Fortunately her mother was sitting here when she was stricken and took the children to Morgan City to stay with her until Bonita completes her convalescence.

Visitors from Germany

Inez (Mrs. Charles) Bouis and her six children had quite a week. On Tuesday they were surprised by a visit from some friends and former neighbors in Germany. Mr. and Mrs. J. Wilson from Mannheim. And on Thursday Father Bede, an old friend of days when they were stationed at Ft. Chaffee, Ark., in his appearance and spent the afternoon entertaining little ones with magic tricks he'd brought back from Disneyland. Some here may remember Father Bede from the time he was here at Stanislaus and at St. Augustine's.

Ruth Ballatin dropped a note with the check for her subscription renewal to the effect that husband Matt has been ill with flu which developed into pneumonia -- which accounts for the fact that this was the first time in six years he wasn't able to assist at St. Clare's Church Fair.

Gerry (Mrs. Sam) Blanchard has joined the ranks of the employed for at least one week. She's aiding Drs. Dodson and Levens at Bay-Waveland Clinic while Josie (Mrs. Bob) Lynne vacations.

Dixie (Mrs. Hilaire) Ogden is in line for a hope you're all better wish. She's once again plagued with a skin allergy.

Candidates and pretty wives

As solemnly as we vow not to mention politics, it's all but possible not to note that Jackie Kennedy made pretty wives. Only fashionable, but almost a necessity. Betty (Mrs. John) Williams looks little older than a very pretty teenager, and his opponent's wife, Elise (Mrs. William) Winter, is also quite easy on the eyes. So attractive are many local candidates' wives, that we couldn't even begin to list names.

We're so happy to hear that Mrs. George Stevenson is doing very well after being taken to Hancock General via ambulance Saturday. She's feeling fine, but remained in the hospital a few extra days to undergo a series of tests.

Mercedes and Phil Haddad are back at the usual grind after a really covering the entire state of Florida in one week. It is a combination business and pleasure jaunt and they journeyed from east to west coast, living as far as Miami Beach the trip. Belated get well wishes go to Mrs. Ferdinand Ramond. She's on at home for two weeks now, spent three in Hancock General undergoing treatment for heart ailment, before being released.

All of a sudden we're aware that pigs haven't lost all of their popularity. John Russell reports sighting a small red pig trotting past his Gordon street home, and a rather large

New building eyed by library board

Preliminary moves necessary for building a new city-county library for Bay-Waveland and Hancock County were considered at a meeting of the library board of trustees Aug. 1.

Conferring with the group were Miss Eleanor Drury, consultant for the Mississippi Library Commission, Miss Elizabeth Love, assistant director who is currently acting as chairman of the State Library Commission, and Mrs. George Tracy, field consultant.

At a later date Mrs. Tracy and Miss Pat Thompson, local library staff member, appeared before the Rotary Club to explain the library's present and future needs.

During the discussion Miss Tracy emphasized the importance of a good modern library for the growth of Hancock County.

Last Wednesday, Jack Diferent of the regional planning board, met with the trustees at the home of Mrs. E. C. Samuel to discuss ways and means to build an expanded modern library for the county.

Board members and the library men's advisory committee are to meet next week to study possible sites for a new library and methods of acquiring a site.

Final selection of any new site.

Juliette Low teas send Julie to Expo

By Polly Manacchia

Any small coast Brownie or Junior who has solemnly dropped one copper cent for each year of her age into the annual Juliette Low tea will be gratified to know that such contributions were the beginning of international scouting activities such as the trip from which Julie Leiph has just returned.

Her month-long journey which took her from Bay St. Louis as one of six senior scouts from the United States to New York and Canada, round, from her account, as an ideal way for youth of all nations to join through mutual interests in a better understanding of living in countries throughout the world.

When Julie sent in her application, a long form stating her qualifications and reasons for wanting to be one of the few chosen to represent America in an international gathering, she had no idea that she would be so fortunate as to be selected. After two long interviews and hundreds of questions, she was informed that as an alternate, she was still in the running.

Then, just ten days before activities began, the girl she replaced was told by her physician that mononucleosis had left her lacking in strength to withstand the rigors of long hikes, tent living and other strenuous adventures to be expected. So Julie made hasty preparations and was off to New York for four days in Hotel Tudor, just two blocks from National Girl Scout Headquarters.

She, five other girls from Georgia, Florida, Texas, Washington and Minnesota and their leader, a native of Michigan, toured the big city and were briefed briefly, but efficiently, upon what they were to expect. This basically, expect the unexpected, then in groups with girls headed for other international scout gatherings, were advised that topics most discussed would be civil rights, the assassination of President Kennedy and the war in Vietnam. She was in the last category, but it couldn't have mattered less as the only subject that came up for discussion was the space program, and she had ready answers due to her proximity of MTF.

An Expo bus took the girls

to the National Girl Guide dormitory just outside Montreal. After three busy days becoming acquainted, they joined the 1,800 scouts and guides at the first heritage camp, held in connection with celebration of Canada's centennial, on Morison Island, one of a number of islands in the St. Lawrence country.

The camp was in true scout style -- life in the rough. Tents were homes for the two week stay and all food was prepared by campers. There they first met other international scouts from Denmark, Sweden, Ireland, Finland, France, Israel, Japan, Australia and representing the United Kingdom were England, Wales, Ireland, Scotland.

All wore traditional blue uniforms except the American green dress, and the representatives from Israel, allowed to attend on special permits, as they were of draft age, wore beige with brown scarves and hats.

Julie's musical talent came in quite handy and she found herself in the chorus of nightly pageants, depicting the history of the host country.

Dancing, arts, crafts and the like were offered, but she happily reported that there was enough free time to really meet and enjoy conversing with girls from every country, in addition to taking in tours of all points of interest in the province of Ottawa. The tour through the capitol, houses of parliament and viewing of changing of the guards was impressive. On a side trip to upper Canadian villages, they were treated to a mock war recounting history of the area.

After life in the rough, and it stormed violently on one occasion and was unseasonably cold for several days, a visit with the George Christie family in Chateausnay, outside of Montreal, was a welcome change. The home was much like her own in Bay St. Louis and the children, Shell, 14; Georgie, 12 and pretty little auburn haired Sandy, 7 1/2 made this part of the trip even more pleasant. They picnicked in the mountains, saw all points of interest and on the last day took in Expo '67 with literally thousands of scouts from all over the world.

Meeting Lady Baden-Powell, leader of both girl and boy scouts and guides, was impressive experience. Despite her age, 78, she appeared to be everywhere, shaking hands with everyone, and enjoying every moment of it.

At the end of the day, a huge bonfire, lighted, ardently via plane, boat, horse, maybe, on foot, etc., from a torch ignited originally from the flame of peace in Ottawa, burned brightly as thousands of voices blended in songs of every nation.

On the return trip, Julie spent three more days in New York and participated in discussions which evaluated the purpose and results of the proceedings, which were in a way, an experiment as it was the first of its kind.

Its success is not in doubt as she has only to listen to Julie and see the glow in her sparkling brown eyes, to be convinced that most young people of our country, and others, are too busy discovering common interests such as scouting, to find time to burn draft cards, flags, or even themselves, they're not protesting, they're preparing to live.

VOTE FOR A BETTER MISSISSIPPI!

(Political Adv. Approved by Richard Thomas, Hancock County Chairman for William Winter)

A VOTE FOR SYLVAN J. LADNER, JR., IS A VOTE FOR GOOD GOVERNMENT

GOOD GOVERNMENT STARTS AT HOME
ELECT QUALIFIED EXPERIENCED MEN
TO YOUR COUNTY GOVERNING BOARD

The Board of Supervisors is your county governing board, the action of this board affects the life of every citizen of the county.

The Board of Supervisors has the final approval of the assessment of all taxable property within the county and sets the levy, or in other words, this board determines the amount of tax you pay.

The board spends your money. It is the duty of the board to say where each dollar is spent.

The board determines whether or not bonds shall be issued and for what purposes.

The board passes or refuses to pass ordinances and orders on a variety of subjects including zoning and police regulations, and many other subjects.

The board constructs and maintains your roads, with full authority to determine the amount of tax dollars to be spent on the different roads.

Also, the board fixes the budget for the county expenditures and appropriates money for various purposes, and performs many other functions, too numerous to mention here.

Your board of Supervisors is vested with broad discretionary powers. Each voter should study carefully the qualifications of the candidates for this important office.

Remember the vote you cast on Aug. 29th is for four years. Stop and think, don't throw away your vote on inexperience and one who is not qualified to serve you.

I served 7 years as a member of the Bay St. Louis City Commission, a group that performs similar duties for the cities as does the Board of Supervisors for the counties, and two terms as your Sheriff. During my long tenure as a public official there has not been the slightest rumor of scandal affecting my office or personal life.

Please weigh carefully the qualifications of the two remaining candidates for the important office of Supervisor Seat Five, and if you do so, I am confident that Sylvan J. Ladner, Jr. will be your choice.

ONE GOOD TERM DESERVES ANOTHER

SYLVAN J. LADNER, JR.

LEST WE FORGET

Eight years ago all the people of Hancock County went to the polls determined to do something about the political clique that had a stranglehold on our county for the previous 20 years.

This determination yielded results and the clique was soundly beaten. Five good men took the reins of our government and for the last eight years we have seen progress like not too many in our generation have seen.

One of these good men died after five years in office - and one of those of the defeated clique was elected to fill his unexpired term.

Five years of good progressive government made this man do a little for Beat 4, but now more of this clique wants to be elected.

Shall we elect these men and go back to a time of no progress, or shall we support the progress of a man like J.C. 'Peck' Mauffray - and continue to make this a fit county in which to live and work.

The choice is yours - and we believe your choice will be that of progress. We believe you will cast your

EXPERIENCE

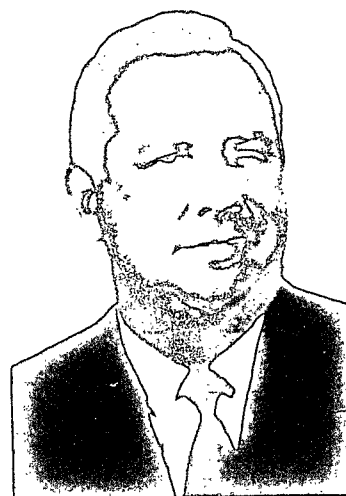

There is nothing like experience!

Representative Walter J. Phillips not only has legislative experience but the highest respect and regard of his fellow Representatives for the statesmanship he has displayed - they have evidenced and indicated this by their naming him to important Committee assignments.

If and when there is a change needed - then that's the thing to do, - BUT to make change for the sake of change alone, - then that is moving backward. To lose the experience, seniority, prestige possessed by Representative Phillips and gamble of and on the future of an aspirant, - then that just does not seem wise to us - does it to you. Now, -right NOW, is the time for every person in Hancock and Pearl River Counties to THINK--COMPARE RECORDS and then readily realize that WALTER J. PHILLIPS MUST BE ELECTED!

RUSSELL J. ELLIOTT

CANDIDATE FOR SUPERVISOR

BEAT 5, HANCOCK COUNTY

RUSSELL J. ELLIOTT as a PRIVATE CITIZEN

In this, the last issue of the Sea Coast Echo, before the August 29th Second Primary, I would like to give you some facts about the individual, - RUSSELL J. ELLIOTT, your fellow citizen of Hancock County.

Not boastfully, but in behalf of my candidacy, I mention a few of the public services which it has been my great pleasure to perform without pay, and with a desire only to help when needed, - these include the following:

I am an officer or committeeman in many civic and community organizations in the County, - and particularly those which deal with the welfare of members of our community - some of which are:

1. I am one of the Founders and an officer in the RETARDED CHILDREN'S ASSOCIATION; One of the Founders and officers of the CLERMONT-LAKESHORE YOUTH CENTER; and I am actively connected and work with the BOY SCOUT organization. As a WORLD WAR II overseas Veteran, and as a Legionnaire, I am active in the American Legion Youth Programs, and serve as a committeeman in support of these programs.

2. I HAVE ALWAYS TAKEN AN ACTIVE PART IN VETERANS AFFAIRS ASSISTING WHENEVER AND WHEREVER POSSIBLE.

3. I am Chief of the volunteer Fire Department of Bay St. Louis, - and an active participant in the Waveland-East Hancock County Fire Department.

4. I am Chief of the SEARCH AND RESCUE DIVISION, CIVIL DEFENSE, and it has been my great privilege to lead and assist in the rescue of more than 260 persons who were in danger of losing their lives. As Chief of this division, I have actively participated in the recovery of the bodies of victims of drowning.

My interest in the Youth of the County has long been demonstrated by my activities in this field; and if you see fit to elect me as your supervisor for Beat 5, I shall immediately direct the attention of the other Board members to the present great necessity for making some provision for the care and protection of our young people, who for any reason may be detained by law officers.

It is possible that you good people do not know that at present the County has no facilities for the detention, or privacy, of the young - either boys or girls - who sometimes must be held overnight, - rather than to place them in the County Jail with mature criminals, drunks, or other undesirables.

I STRONGLY FEEL THAT THIS CONDITION MUST BE CORRECTED, AND I WILL DIRECT MY EFFORTS TO THAT END.

I am sure the public is well aware of the fact that I am a licensed Mississippi Real Estate Broker, having been engaged in this business for the past eleven years; and that I own the ELLIOTT REALTY COMPANY; in addition to this business I have also been engaged in Electrical Contracting for several years.

May I please, in closing this campaign, request that you pay no attention to any last minute political propaganda which may be circulated. I am very grateful, and thank you one and all for the wonderful reception shown me throughout the campaign. Your continued support and votes are very necessary for me to be victorious on August 29th, and I sincerely and humbly ask your continued help.

THANK YOU, once again, and may the Good Lord look favorably upon you.

HUMBLY AND RESPECTFULLY,

RUSSELL J. ELLIOTT.

LEADER IN THE 1st PRIMARY - A WINNER WITH YOUR VOTE AUG. 29

FROM THE VOTERS OF BEAT 1

HANCOCK COUNTY NEEDS

H. G. DEAN

As a member of its
Board of Supervisors

because, H. G. Dean is independent, untied to any person or group, experienced, progressive, tried and proven. His leadership will move Hancock County ahead during the next four years.

H. G. DEAN STANDS FOR FAIR EXPENDITURE OF PUBLIC FUNDS

Approximately one year ago H. G. Dean began to advocate that County funds be used for the relief of the people of Bay St. Louis, and in December, 1966, on motion of H. G. Dean the Board of Supervisors entered its order for expenditures of county funds on city streets. H. G. Dean felt then, as he does now, that this was fair, because a great portion of the gasoline tax is collected from the people of Bay St. Louis. Incidentally, and contrary to gossip peddlers, the Board was under no political coercion to do so, there was no order of a Federal Court commanding a county wide election, this did not come up until mid May, 1967.

H. G. DEAN STANDS FOR ECONOMY

When H. G. Dean took office Beat One funds were \$10,000.00 in the red, today this beat has \$35,000.00 on hand, and without added bond issues.

H. G. DEAN STANDS FOR PROGRESS IN ALL OF HANCOCK COUNTY

H. G. Dean during his tenure as supervisor voted for and actively supported all measures for the improvement of county schools; Hancock General Hospital; creation and promotion of port and harbor facilities; the sand beach; promoted and recently secured passage of an enabling order of the Board of Supervisors for a sewerage control study for the whole county, with cost of the study to be borne in its entirety with federal funds; made the motion for the purchase of the asphalt mixing plant now located at Kiln, a central location for the whole county (the wisdom of this purchase, with the gasoline tax funds, is now vindicated by what is being done in Bay St. Louis); and, actively supported Hancock County Chamber of Commerce.

H. G. DEAN STANDS FOR FAIR TAXATION

H. G. Dean has at all times insisted, and demanded that assessments be fair, and that all similar property be taxed alike, and that if any preference be shown this should be in favor of residences and small businesses in order to encourage home ownership and free enterprise. Today, because of his stand, some large landowners oppose him, many of whom are non-residents.

H. G. DEAN STANDS FOR GOOD ROADS AND STREETS

H. G. Dean has, during his tenure as Supervisor of Beat One, paved more roads than all of his predecessors combined, all out of maintenance funds, and is now paving the Ansley to Pearlinton Road under the State Aid Program. Also, during the last nine months he has had Beat One employees and equipment working in Bay St. Louis and other parts of the county for the convenience of the people there.

H. G. DEAN STANDS FOR EDUCATION AND YOUTH PROGRAMS

H. G. Dean has, as stated, actively supported all measures for improvement of schools, built parks and playgrounds in Beat One, and supported little boys baseball, girl and boy scouts and other measures for all of the youth of Hancock County. H. G. Dean is the father of three teenage children and wants to provide a good community for your children and his own.

H. G. DEAN STANDS FOR FAIRNESS IN ALL THINGS AND BELIEVES IN BEING A GOOD NEIGHBOR

The first primary vote in Beat One shows that H. G. Dean is held in high esteem by those who know him best, and that he is a good neighbor. He received a majority of the votes in his beat over all opponents. The vote in Beat One on August 8th was as follows:

H. G. Dean _____ 364
Second primary opponent _____ 142

The Board of Supervisors is the governing board of a county, all of the people are affected daily by the conduct of these officials. H. G. Dean asks you not be deceived by rumors but only that you examine the public record, open for all to see, and when you do we firmly believe that you will

Martin T. Smith,

TO THE PEOPLE

In the past several months, I have attempted to present a positive program and platform that will benefit the people of this Senatorial District. I realize that the program which I submitted represents only a small segment of the things which need to be done. Most of all, I realize that any candidate's platform should be that of finding a solution to the problems of the people he seeks to represent.

If elected to our State Senator, I want to assure you that, in addition to the platform I have already presented, it will be my goal to seek the solutions to these problems by meeting with you on these matters with you the people of this district.

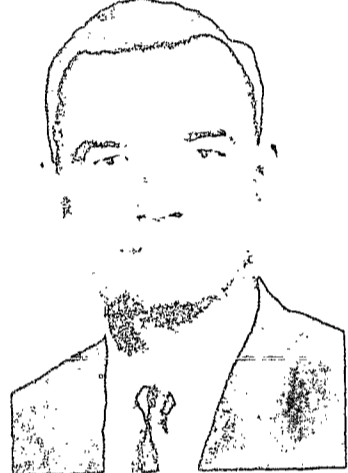

In closing, please let me say that I sincerely appreciate everything that you have done for me and that I am proud to be in this most important office. I will, to the utmost of my ability, represent you and the people of this district.

Chapman 2 regular diamonds goal tops Lipton

Harry Chapman of Bay-Waveland Yacht Club, with two firsts out of 12 races, called into second place in individual scoring on Sunday and a slot on the Lipton team to sail over Labor Day weekend at Biloxi.

In two consecutive woodland round robin events, with six 12-boat races at Bay-Waveland and six over the Pass Christian Yacht Club course, skippers for the Lipton event proved their worth.

Others chosen for Bay-Waveland are Basil Kennedy, Ray Stoffel and Jack Gordon with Aaron Adams and Mike Reeves as alternates.

Earning places on the Pass team were Mike Pickich, who won four races to qualify for top slot in individual scores, Ted Schmidt, Ricky Adam and Jerry Balanco with Harry Wittmann and Shannon Pickich as alternates.

Others placing first in various races were Schmidt, Adam, Balanco, Stieffel, Gordon and Reeves.

Two regulation size baseball diamonds by next spring is the goal set by the Bay St. Louis Parks and Playgrounds Commission at its August meeting when initial planning steps were taken.

The commission decided to first meet with the Municipal School Board to investigate possible use of property adjacent to North Bay Elementary School. After that, they will confer with city commission council to work out means of financing.

Commissioner Lee Paul, one of the spearheaders of the movement, said plans also call

for an adequate lighting system for the new parks. If and when the new diamonds are constructed, the park at Uman and Dunbar Avenue will be used mainly for softball leagues.

Eddie's angles

by Eddie Engelhorn

If you don't believe summer is over check the prep school athletic fields. Hundreds of husky lads are engaging in the grueling workouts so necessary not only for a winning team but to protect their own bodies -- and in their winter clothes, yet. It seems football practice starts earlier each year but, being an optimist, we can't work up interest until after the World Series and we don't even know yet who's going to win the American League pennant, something usually decided months ago. At this writing it looks like the either Minnesota or Chicago but it could easily be Boston or Detroit, depending on which team gets a hot start.

Lumpkin is happy?

Things are looking up at Bay High and ever treatment of Lance Lumpkin was enthusiastic Monday about this year's team. Lance has been at Tigerbow for about a dozen years and has usually come up with a winner. It runner-up since the last season conference was a loss. And this year he has the "back" as backfield coach, Mike Meyer, likes to call it. "I have had a successful career in football, all the way from St. Stanislaus, where he was an all-time great, to the pros. In between he was named All-American junior college linebacker and during his playing career picked up worlds of football lore from his time coaches. Anyhow, the lads looked big and fast Monday afternoon despite the heat that had us sweating just carrying a camera and writing pad. Of course, they will miss big Alex Romanoff in the backfield -- but not.

Potential starters

In the backfield Lance will use Mike Meyer and Tom Martin. Halfbacks are Mike Meyer, Tom Mastapa, Bill Lamburtus, Ronnie Murray, Bill West and Jackie Strong. Fullback Matt Karl. Ends, Perry Stephens, Claude Yarborough, Drew Fillingame, Norman Thornton, David Allain, Frank Benz, Raymond Stephens and Kenny Miller.

In the front line are Bill Eubanks, left tackle, Gerald Amiz, left guard, Kenny Lader, center, Paul Wood, right guard, and John Weaver, right tackle. Line No. 2, Ronnie Curet, left tackle, and Mike Amiz, left guard, Jerry Johnson, center, Jimmie Caldwell, right guard, and Donald Caldwell, right tackle. Ready for action in case of injuries are Jim McCulloch and Carl Traub, tackles, Louis Dousson and Claude Daniel, guards, and Tommy Favre, center.

This is the varsity squad from which Lumpkin will choose a starting line-up for the season's opener Sept. 8 in Tiger Stadium.

Hawks on the field

Hancock North Central, known for its great basketball teams, has a young team that may be a sleeper although they lack depth. They have a new coach, Pat Morris, who replaces Ezell Lee and we will give the Hawks' chances next week.

This may be Rocks' year

The independent St. Stanislaus Rockchaws is the team to watch. Head coach Billy Murphy and Harold Hitt started building a team a couple of years ago and last year had a junior varsity that whipped everything in sight.

Returning lettermen are Mike Meyers, Ronnie Oustalot and Vaughn Arceneaux, ends, Ronnie Gennin, Randy Coyle, M. J. Rhodes and Mark Gianelloni, halfbacks, Greg Presnell, Malcolm Coward, Weldon Frommeyer and Dennis Weber, tackles, Ruck Robinson, guard, Jimmie Oustalot and Bill Mashburn, center.

Returning at quarterback is Steve Worrel who with last year's experience could be one of the best in the area. Newcomers are Xavier Lewis, Eddie Carlton, Sylvan Lader and Pete Frank, ends, Gilbert Gayant, Norman Coward, Gary Griffin and Ronnie Frudhomme, halfbacks, Eddie Koch, guard, Ellray Victorian and David Treuting, tackles, Jos Fugh, quarterback, Manager and field goal kicker is Mike Gemelli with Jos Mont as assistant manager.

Doves

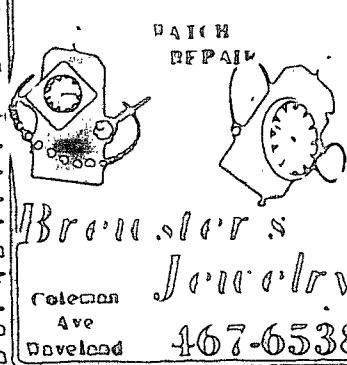

The first of a three-split dove season opens at noon, Saturday, Sept. 9, and closes at sunset Sunday, Oct. 1. Don't forget that according to the Game and Fish Commission's rule book this means noon standard time which would be 1 p.m. daylight time.

Game warden Pat Thomey says he is picking up fishermen without licenses every weekend. Better get yours. He also reports that seafood inspector Alphonse Dorn has retired and has been succeeded by L. J. Fountain of Shoreline Park.

Thompson, Walton take Hickey play

A W Thompson of Slidell found the going good at Pass Christian Isles Golf Club last weekend. He shot a 62 to win Saturday's sweepstakes and duplicated the feat Sunday to win the annual Gen. D. O. Hickey Tournament. Playing with a 24 handicap, Thompson shot a gross 44-42 for an 86 total. Mrs. S. P. Walton of Pass Christian topped the distaff trophy in the Hickey Memorial with a solid 67 and placed second in Saturday's sweepstakes with a 67. Third place went to Al Fietrich of Pass Christian with 69.

Fietrich came back Sunday to win the sweeps with a 73 followed by W. T. Watson, Waveland, 76, and Mrs. Emile Willis, Pass Christian, 78. Pro Cal Smith said he had carded a four-ball variation tournament for men and women on Sept. 2-3, and practice rounds for the 13th annual invitational tournament are slated for Oct. 12-13. Qualifying rounds are Oct. 14 with finals Oct. 15.
